Form of Benefits

Form of Benefits

- ❑ **Partial/Total Lump-Sum Distribution:** You may elect a Partial or Total lump sum distribution of your account balance. There is no limit on the number of partial lump sum distributions.
- ❑ **Rollover:** You may elect a Partial or Total Rollover of your individual account balance to an IRA of your choice or to another tax-qualified retirement plan that will accept your rollover distribution.
- ❑ **Periodic Monthly Distributions:** You may elect a specific monthly payment in \$100 increments or more. The periodic payments will terminate when the account has exhausted.
- ❑ **Single Life Annuity-Single Participant:** Under federal law the normal form of benefit for a single Participant is a single life annuity, which is a series of monthly pension payments intending to extend for the balance of your life. Under the life annuity option, payments end when you die. A married Participant, with spousal consent, also may select this form of benefit. If you choose this option the Plan will use your Individual Account balance to provide such annuity from an insurance company or other entity at then current market rates, or determine your monthly benefit based on standard life expectancy tables as required under applicable law. Regardless, monthly payments made directly from the Plan will terminate when your Individual Account balance reaches zero even if you live longer than the age projected under the life expectancy tables.

Form of Benefits

- ❑ **Joint and Survivor Annuity (50%, 75%, 100%):** A Participant may elect a benefit providing monthly payments during the continued lifetime of and after the death of the Employee but reduced to 50%, 75%, or 100% and payable to the spouse during the spouse's lifetime after the death of the participant.

- ❑ **IRS Mandatory Distribution - Age 73:** Pursuant to Internal Revenue Code requirements, upon attainment of April 1 of the year following the date you attain age 73 you will be required to take an annual required minimum distribution.

- ❑ **Note:** If you do not rollover your account, distributions are subject to the required 20% mandatory federal income tax withholding.

Death Benefits

The Plan Office will provide you with a beneficiary designation form. If you die before retirement or withdrawal of your Individual Account, your surviving spouse will be entitled to your benefits, unless the surviving spouse has signed a spousal waiver before a notary on forms provided by the Plan. For non-married Participants (and Participants for whom the spouse has signed a waiver of such benefits), benefits will be paid in accordance with your beneficiary designation form. However, If no beneficiary has been designated or no designated beneficiary has survived you, distribution of the balance in your Individual Account will be made to your spouse, if any, and if none, in equal shares to your children, natural or adopted; if none survive you, to your parents; then to your brothers and sisters; finally, to your estate if there are no survivors.

Qualified Domestic Relations Order

Divorce or Child Support Order ("QDRO"). Pursuant to a Qualified Domestic Relations Order, a Court may award a former spouse, child or other dependent a portion or all of your Individual Account. Payment may also be required by a Court order to be paid to a county or state child support agency. The Plan assesses a \$500 QDRO administration fee, which is usually shared between the parties (\$250 each).

You may contact the Fund office for a sample order that maybe used in the preparation of Qualified Domestic Relations Order.

Application Procedures

You should contact the Trust Fund office to request an application **90 days prior to your retirement date**. You must fully complete the application and return to the Trust Fund office with a copy of the following documents:

- Proof of age for member and spouse (Birth Certificate, Passport or Photo ID with a second form of ID)

Insurance Benefits on Retiree plan

Rules to qualify

1. Must be at least 55 years old.
2. Must have CURRENT eligibility at the time of retirement.
3. Must have been eligible under the San Mateo Electrical Workers Health Care Benefits Plan, (or another IBEW Local as long as proof of eligibility is provided) for 10 out of the last 15 years "AND" 2 of the last 5 years immediately preceding date of retirement.
4. Currently receiving (or have recently applied for) Pension benefits from San Mateo County Electrical Construction Industry Retirement Trust (IBEW Local 617), or another IBEW Local as long as proof of Pension contributions are provided.
5. If eligible for Medicare, must have Medicare Parts A and B.
6. The medical insurance that you have at time of Retirement is what you will remain on until the next annual Open Enrollment which is in June of each year.

Insurance Benefits on the Retiree plan

For Early Retirees, the two options are the Self Funded PPO Plan and Kaiser. Please note that the Self Funded benefits are slightly different than the Active Plan. (See attached Summary of Benefits) The Kaiser benefits are the same as the Kaiser Active Plan. The Pharmacy benefit for the PPO Plan has a \$100 deductible and the Dental and Vision Benefits remain the same.

Once retired, there is **no longer** a Life Insurance benefit.

Once a retiree has Medicare, the two options available are: Blue Shield and Kaiser Senior Advantage. (See attached Summary of Benefits)

Since you will be enrolled in the group pharmacy benefit, you will not need additional pharmacy coverage. Again, the Dental and Vision benefits will remain the same, but there is no Life Insurance benefit.

Insurance Benefits on the Retiree plan

The retiree billing statements are sent out every quarter. It is up to the retiree whether they want to pay a quarter at a time or pay it monthly. Please note, that the payments are due by the 25th of the month prior to the month of coverage; for example: Payment for October 2023 coverage is due no later than September 25, 2023. You also have the option to set up automatic payments (bill pay) through your bank.

If you plan on moving out of California prior to age 65, you will not be eligible for the Blue Shield Medicare Supplement Plan or Kaiser Senior Advantage when you become 65 years old and are eligible for Medicare. Your only option will be to enroll in The Hartford Medicare supplement plan. If you choose The Hartford Medicare supplement plan, you will also be enrolled in the SavRx Prescription plan. If you enroll in The Hartford Plan, you will also continue coverage for dental and vision. See attached benefit summary.

Returning to work once retired

Insurance Benefits on the Retiree plan

Once a participant retires, and he returns to work either part time or full time, he will remain in the retiree Health & Welfare Plan. If the retiree works up to 40 hours or less during a calendar month, the Employer contributions made on his or her behalf for the hours worked will be used to offset the required retiree premium, with any remainder to be paid by the participant. If the hours reported for such a Participant (who had previously retired) exceed the hour requirement for retired Participants per calendar month (more than 40 hours), the excess Employer contributions made on the Participants behalf shall be retained by the Plan.

Converting reserved hours to retiree reserve bank

SAN MATEO ELECTRICAL WORKERS

CONVERTING RESERVE HOURS TO YOUR RETIREE RESERVE BANK

When you retire, the Plan office converts your accumulated hours in your hour bank as follows:

Your hours are converted to dollars for purposes of purchasing retiree coverage. For example, if you have a maximum bank of 1440 hours in your hour bank, that is equivalent to twelve months of coverage (12 months x 120 hours = 1440 hours)

The current monthly cost of the Active Plan for a self-funded participant is \$1,874.10, and for Kaiser, the monthly cost is \$2,183.69. The Plan multiplies \$1,874.10 x 12 months, which equals \$22,489.20. For Kaiser Participants, the rate of \$2,183.69 x 12 months, which equals \$26,204.28.

This amount is then used on your behalf to pay the retiree medical premiums for coverage under the Retiree medical plan. (If you have 11 months of coverage and an extra 30 hours, the extra 30 hours are not converted to dollars. The cost of coverage will likely increase each year. Moreover, the Board of Trustees has the right to change the 120 hours required for a month of coverage.
